

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

August 1st – 15th, 2004

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **August 1-15, 2004.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

| SCH Number | Title / Lead Agency / City--County / Description | Document Type | Ending Date |
|---|--|------------------|----------------|
| <u>Documents Received on Monday, August 02, 2004</u> | | | |
| 2003111006 | Draft EIR No. 461, Tentative Tract Map No. 31309, Change of Zone Case No. 06918 Riverside County Planning Department Ontario--Riverside Tentative Tract Map for development consisting of 109 acres of residential use with a maximum of 342 dwelling units. Project also includes an 8.64 acre active park and a 11.11 acre passive park. | EIR | 09/15/2004 |
| 2004081007 | Pacific Highlands Ranch Units 17-22A San Diego, City of San Diego--San Diego Vesting Tentative Map, Site Development Permit, Planned Development Permit, and Multi-Habitat Planning Area Boundary Line Adjustment to development a 244.71-acre site. Development would consist of construction of 677 single-family dwelling units, a community recreational center, and optional affordable housing site, as well as dedication of a 11.15-acre elementary school, 42.21 acres of open space inside the City's Multiple Species Conservation Program, Multi-Habitat Planning Area, and 16.1 acres of urban amenity open space. An additional 55 residential units would be allowed on the school site as an optional use if the site is not purchased by the Solana Beach School District. The site is not included on any Government Code Listing of hazardous waste sites. | EIR | 09/15/2004 |
| 2003082053 | San Joaquin Council of Governments Regional Transportation Plan Program EIR, 2004-2030 San Joaquin County Council of Governments --San Joaquin Programmatic Regional Transportation Plan 2004-2030 | FIN | |
| 2004081004 | Newport Lexus Dealership Newport Beach, City of Newport Beach--Orange The proposed project is to be located at the northwest corner of MacArthur Boulevard and Jamboree Road in the City of Newport Beach. The site is currently occupied by Platt College and an Avis Rent-a-Car storage lot. The existing uses on the site would be demolished and replaced by a 30,000 sf showroom and sales building and 100,000 sf auto service building. The project also proposes a multi-story parking structure with 1,700 parking spaces for employee parking and storage of sales inventory. | NOP | 08/31/2004 |
| 2004081005 | Highland Crossing Specific Plan Beaumont, City of Beaumont--Riverside The applicant is proposing the development of a residential community with 408 single-family homes, a neighborhood park, detention basins, a circulation system, and preserved natural open space. The project site is located in northwestern Riverside County. The City of Beaumont is currently processing the annexation of the project site and surrounding properties into their corporate boundaries. | NOP | 08/31/2004 |

| 2004081010 | Gonzales Agricultural Business Park Gonzales, City of Gonzales--Monterey The proposed project is subdivision of the 71-acre Gonzales Agricultural Business Park and construction of roadway and utility infrastructure. The project includes subdivision of one existing lot into 21 lots ranging in size from 50,000 to 500,000 sf. The roadways within the site currently exist as a separate lot and would not undergo further subdivision. The proposed project includes a 20-foot sewer easement in the northeastern region, and a 30-foot sewer easement in the western region that crosses Lots 5, 9, and 12. The project also includes construction of approximately 5,000 feet of public roads (including Puente Del Monte Avenue extension and Katherine Street), installation of underground public utilities including sanitary sewer lines, water lines, storm drainage lines, a storm water retention basin and underground gas and electric lines. | NOP | 08/31/2004 |
| 2004081001 | GPA 04-097/ZA 04-098, Coastal Bluffs / Canyons Development Standards San Clemente, City of San Clemente--Orange Allow drain pipes located within the City's Coastal Canyons for adequate drainage and urban run-off to prevent soil erosion. Also to allow landscape clearing within 30 feet of habitable structures and detached garages in order to meet fuel modification standards established by the Orange County Fire Authority and CA Coastal Commission. | Neg | 08/31/2004 |
| 2004081002 | Ted Zenich Gardens Santa Maria, City of Santa Maria--Santa Barbara General Plan Amendment and rezoning to remove the senior citizen housing overlay from the project site. The project includes development permits for 25 apartment units. The applicant is requesting a density bonus, with parking standard reduction and setback reductions. | Neg | 08/31/2004 |
| 2004081003 | Tract 5377/RPD 2003-543/OTP 1500/DA 2004-1 Thousand Oaks, City of Thousand Oaks--Ventura To allow the division of 14.36 acres of land into 2 parcels for a condominium subdivision; to allow construction of 82 single-family detached dwellings; to allow the removal of three (3) oak trees; and to assign a tentative point rating in the 2004 development allotment cycle. | Neg | 08/31/2004 |
| 2004081006 | 06-TUL-99, KP 40.72/42.33 (PM 25.3/26.3) EA: 490200 Overcrossing Bridge Removal Caltrans #6 Tulare--Tulare The California Department of Transportation proposes to remove the K Street Airport Overcrossing Bridge and on-ramps and off-ramps that connect to SR 99 in the City of Tulare at the southern end of the city's industrial business district. K Street would be extended approximately 1.19 km (0.7 miles) south to intersect with Avenue 200. In addition, the off-ramps at Avenue 200 and SR 99 would be extended. | Neg | 08/31/2004 |

| 2004081008 | Harbor Boulevard - Wildlife Underpass Los Angeles County Department of Public Works La Habra Heights--Los Angeles The proposed project consists of constructing a wildlife corridor underpass on Harbor Boulevard in the vicinity of Fullerton Road. The proposed underpass consists of an approximately 18-foot high by 20-foot high and 150-foot long metal pipe. The proposed project would include grading on the west side of Harbor Boulevard. | Neg | 08/31/2004 |
| 2004081009 | St. Jude Medical Center Replacement Plan Fullerton, City of Fullerton--Orange The project is intended to meet the future demand for hospital facilities and to meet the current seismic safety compliance requirements for acute care buildings. When completed the facility would contain 512 hospital beds, 940,624 sf of building area and 1,524 parking spaces on-site. Improvements would occur in four phases over a 26-year period. | Neg | 08/31/2004 |
| 2004082001 | 2004-10 General Plan Amendment and Zoning Amendment for Bobby D. & Linda L. Hervas Calaveras County --Calaveras General Plan Amendment to change the land use designation for a portion of one parcel of land from Agricultural Preserve (AP) to Future Single Family Residential (FSFR) to match the land use designation on the balance of the property. Concurrently requested is a Zoning Amendment from A1 (General Agriculture) to RR-5 (Rural Residential - 5 acre minimum parcel size) for the entire parcel. | Neg | 08/31/2004 |
| 2004082002 | 2004-90 Conditional Use Permit - Sonora J.S. West & Co., Inc. Calaveras County --Calaveras A Conditional Use Permit for propand gas (LPG) storage tanks, in the George Reed Industrial Park, Zoned M2 (General Industry). | Neg | 08/31/2004 |
| 2004082003 | 2004-47 Zoning Amendment - Don Swartz, (Trustee for Riando Trust A & C) Calaveras County --Calaveras Re-zone from M1-PD to RR-5 (Rural Residential - 5 acre minimum parcel size) for 62.52 +/- acres. | Neg | 08/31/2004 |
| 2004082004 | E Street Sewer and Storm Drain Project Lincoln, City of Lincoln--Placer Approximately 8,000 feet of sewer pipeline and 4,000 feet of storm drain pipeline would be installed to relieve surcharged systems in the City of Lincoln. Half of the construction would occur in City streets, primarily E Street, with additional construction in undeveloped lots. The proposed project is not intended to increase wastewater or storm water flow. The new utilities would serve existing or planned development approved in the City's General Plan. | Neg | 08/31/2004 |
| 2004082005 | U.P. #04-20, Aspen Exploration (Catherine Alberico, Trustee, Surface Owner) Tehama County --Tehama To establish a natural gas well (DeCou #19-2) in an EA-AP; Exclusive Agricultural - Agricultural Preserve Zoning District. The project site is located south of Kirkwood, approximately 380 feet south of Clark Avenue, specifically 380 feet south and | Neg | 08/31/2004 |

| 2000062097 | Streambed Alteration Agreement for Notification #02-0047 Redding, City of --Shasta The California Department of Fish and Game is executing a Lake or Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant. The applicant proposes to fill, construct and realign intermittent drainage and implement erosion control actions in connection with construction of Redding Sports Park, on tributaries to Clover Creek and Stillwater Creek, Shasta County. | NOD | |
| 2000122068 | Santa Cruz County Regional Transportation Plan Santa Cruz County Capitola, Santa Cruz, Scotts Valley, Watsonville--Santa Cruz The SCCRTC has prepared an Ordinance and Expenditure Plan as part of a ballot measure, which if approved by voters, would authorize the County to impose a one-half of one percent transactions and use tax for a period of thirty years to fund the transportation improvements set forth in the Expenditure Plan. The Expenditure Plan associated with the Sales Tax Measure that will be placed on the November 2004 ballot would result in a new funding source available to implement some of the transportation and circulation projects that were previously identified in the 2001 Regional Transportation Plan (RTP) and previously evaluated and certified in the October 2001 Final EIR. | NOD | |
| 2001121083 | City of San Diego (City), North City Water Reclamation System Project - State Revolving Fund Loan No. C-06-3905-110 San Diego, City of San Diego--San Diego The Black Mountain Ranch Reclaimed Storage Tank is a component of Phase I of the North City Water Reclamation System Project. It will serve the Black Mountain Ranch Developments and Olivenhaven Municipal Water District, as well as future customers in the City's northern service areas. The aboveground storage tank will hold 3 million gallons of reclaimed water in a circular steel tank. The tank will be 130 feet in diameter and 35 feet in height with a 14-foot wide paved perimeter access road. | NOD | |
| 2003012079 | Navarro River Watershed Permit Coordination Program Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa Booneville--Mendocino The project involves the replacement of a failed culvert on an unnamed tributary to Indian Creek, tributary to the Navarro River off Highway 128. The project is enrolled in the Navarro Watershed Partners in Restoration Permit Coordination Program. SAA # 1600-2004-0485-3 | NOD | |
| 2003012079 | Navarro River Watershed Permit Coordination Program Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa Booneville--Mendocino This project involves removal of solid waste bank stabilization along 200 feet of Anderson Creek, tributary to Navarro River at 11480 Anderson Valley Way, Booneville in Mendocino County. The project is enrolled in the Navarro Watershed Partners in Restoration Permit Coordination Program. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2004-0482-3 pursuant to Section 1602 of the Fish and Game Code to Mr. George Bergner. | NOD | |

| 2004052091 | Regional Sports Park Elevated Storage Tank Site Plan Permit Ripon, City of Ripon--San Joaquin Construction of an elevated water storage tank, 175 feet in height, with a storage capacity of 2.5 million gallons in a 3.5 acre sports park. | NOD | |
| 2004052120 | SCS Engineers; APN 305-171-15 (Fields Landing Area); Case Nos.: CUP-03-31 Humboldt County Planning Department --Humboldt A Conditional Use Permit for the excavation of approximately 700 cubic yards of soil (6' deep) impacted with low levels of a variety of petroleum hydrocarbons and approximately 300 cy of asphalt. The work area will be +/- 4,000 sf in size. The excavated material will be contained elsewhere on-site by placement on 10-mile visqueen and treated on-site through an aeration process involving weekly turning to promote biological breakdown of the minor soil contamination. It is anticipated that the biological process and aeration will reduce contaminant levels to non-detectable levels within approximately 45 days. The project is mandated by the County's HazMat Division of the Environmental Health Department. Total parcel size is approximately 40 acres. Site is located on the waterfront between the communities of Fields Landing and King Salmon. The project site is located within the Coastal Development Permit (CDP) jurisdictional area of the California Coastal Commission, and a CDP or waiver is required from the Coastal Commission. | NOD | |
| 2004062006 | Oeschger Conditional Use & Special Permits (CUP-03-22/SP-03-83) for a Second Agricultural Residence and Housing for Farm Labor Humboldt County Ferndale--Humboldt The parcel is currently developed with two (2) single family residences. One of the residences was recently destroyed by a landslide. This application seeks to demolish that residence completely and convert the other existing residence to a Farm Dwelling for the ranch foreman per §314-141, HCC. Additionally, the applicant intends to develop an approximately 1,620 square foot new primary dwelling with an approximately 540 sf detached garage and an approximately 2,500 sf barn. A Conditional Use Permit and Special Permit are required for the Farm Labor Housing and the Second dwelling unit, respectively. All residences will be served by on-site water (a well and a spring) and sewage disposal systems. | NOD | |
| 2004062081 | Port of Oakland's EZBH Site Toxic Substances Control, Department of, Northern California Permitting Branch Oakland--Alameda The DTSC is proposing to approve a Removal Action Workplan (RAW) to remove lead-contaminated soil fill from the top two feet of a levee that surrounds two and one half sides of the site (approximately 1,500 cubic yards total) and transport the material offsite for disposal. The proposed work is expected to require about two to three weeks to complete. | NOD | |
| 2004089001 | EA 38941 Riverside County Planning Department --Riverside CZ 6763 proposes to change the zoning from R-A-20 to R-A-5/ PM 30423, proposes to subdivide 20.76 acres into 4 parcels. | NOD | |

| 2003032042 | Northstar Retreat Subdivision Placer County Planning Department --Placer Development of 18 custom homesite lots with open space areas, an access road, storm drainage facilities and utilities, a ski trail, and connection to the existing multi-use trail system. | EIR | 09/16/2004 |
| 2003081011 | General Plan Monterey, City of Monterey--Monterey The City of Monterey proposes a new City General Plan. The purpose of a General Plan is to provide a comprehensive, long-term plan for physical development under its jurisdiction. The City's General Plan contains the required elements: land use, circulation, housing, conservation, open space, safety and noise. In addition, the City is continuing its long tradition of having optional elements - urban design, economic, social, historic preservation and public facilities. The housing element was updated in advance of the General Plan due to State-mandated timelines. | EIR | 09/16/2004 |
| 2003122021 | Sacramento City College Master Plan EIR Los Rios Community College District Sacramento--Sacramento The proposed project is a Transportation, Access, and Parking Master Plan for the Sacramento City College main campus. The project includes the entire campus and the intersection of Sutterville Road and Sutterville Bypass. Proposed development includes signalized traffic lights at the intersection of Sutterville Road and Sutterville Bypass, expanded/reconfigured parking lots, circulation improvements, relocation of tennis courts, and a new parking structure over an existing surface lot. | EIR | 09/16/2004 |
| 2004041065 | Symantec Office Development 800-900 Corporate Pointe Culver City Culver City--Los Angeles The Applicant proposes to construct 550,000 sf of research and development (R&D) and office floor area to allow for the consolidation of their operations. The project would include a 1,820 space, five-level parking structure, with two subterranean levels, three structured levels and parking on the roof. The project would be developed in up to three phases, with the first phase completed by 2007 and the final phase completed by 2009. Alternatively, the project could be developed in one phase with completion in 2007. | EIR | 09/16/2004 |
| 2004042147 | Skate Park Project at Mike Fox Park Santa Cruz, City of Santa Cruz--Santa Cruz The City of Santa Cruz Parks and Recreation Department is proposing the construction of a new skate park the site of existing tennis courts at Mike Fox Park. The tennis courts will be demolished to provide space for the skate park. An existing roller hockey practice area will also be included in the project. | EIR | 09/16/2004 |

| 2004081014 | Melrose Triangle West Hollywood, City of West Hollywood--Los Angeles The City of West Hollywood is considering an application to develop a mixed-use project at the Melrose Triangle (the city block bordered by Melrose Avenue, Santa Monica Boulevard, and Almont Drive). The project would involve demolition of the existing structures on site and the construction of two buildings, with five stories above ground and six levels below ground. Components of the project include retail/commercial, residential, storage, and parking uses. | NOP | 09/01/2004 |
| 2004081017 | Master Case 03-358, General Plan Amendment 03-002, Zone Change 03-002, Tentative Parcel Map 60258, Conditional Use Permit 03-016, Hillside Review 03-006 Santa Clarita, City of Santa Clarita--Los Angeles Tentative Tract Map 30258 totals 247 acres. The proposed project includes the development of 96 single family residential lots on 18.6 acres west of the City of Los Angeles Department of Water and Power (DWP) Easement, 218 apartment units and 665 townhouse units on multi-family pads totaling approximately 77 acres, a proposed school site on 20.6 acres and recreational park on 4.1 acres north of the Santa Clara River, the remaining area would be roughly 76.1 acres of natural open space and 85.9 acres of graded slope lots, within the City of Santa Clarita. The development proposes a gross density of 3.9 dwelling units per acre. Approximatel 5,000 linear feet of roadway will be dedicated to the City for the extension of Golden Valley Road with a total of 19 acres dedicated to streets. The industrial commercial lot toals approximately .5 acre, however no development is proposed on this parcel. The proposed project would involve grading activities of approximately 5.4 million cubic yards of fill. | NOP | 09/01/2004 |
| 2004081018 | Hollywood State Enterprise Zone (SEZ) Los Angeles, City of --Los Angeles Objectives established for the proposed SEZ are consistent with goals and objectives established for associated Redevelopment Areas, and are also considered to be consistent with, and support goals and objectives of the encompassing Hollywood and Wilshire Community Plans. To retain and expand industry, expecially the historically and economically important industry of motion picture production and other aspects of the film cluster, Los Angeles has few choices but to redevelop, and the Hollywood area is a key component of this strategy. | NOP | 09/01/2004 |
| 2004081011 | Second Amendment to the Redevelopment Plan for the Merged Rialto Redevelopment Projects Rialto, City of Rialto--San Bernardino The proposed Second Amendment would re-establish the Rialto Redevelopment Agency's authority to use eminent domain to acquire non-residential property only in portions of the Agua Mansa, Gateway, and Industrial Constituent Areas as well as three residential properties within the Added Territory. (No changes to the Central Business District Constituent Area are proposed by the Second Amendment.) Except for the three residential properties, all other occupied residential property within the Affected Constituent Areas would be exempt from | Neg | 09/01/2004 |

| 2004061038 | Housing Element Update of General Plan Mendota, City of Mendota--Fresno The Housing Element is a planning tool for use by citizens and public officials in understanding and meeting the housing needs in Mendota. It addresses existing and future housing needs of all types for persons of all economic groups in the City and is one of the seven required elements in a General Plan. State law requires the Housing Element be updated every five years. The 2002-2007 Mendota Housing Element was adopted on July 12, 2004. The Hosuing Element is a policy level document. | NOD | |
| 2004062142 | Jamison Creek-Lundy Ditch Rehabilitation Project Parks and Recreation, Department of --Plumas The proposed project will result in the construction of a step pool reach at a failed dam site, installation of a pipe (with fish screen) in an existing earthen ditch to convey diversion water, and restoration of a dried up lake (Madora Lake) by reestablishing the water diversion. | NOD | |
| 2004089034 | Parking Lot Runoff Dissipater From 7th Avenue Animal Hospital, Santa Cruz Santa Cruz County --Santa Cruz The overall project consists of construction of a 7,000 square-foot veterinary facility and animal hospital on a half-acre (0.5) vacant commercial property adjacent to the top left bank of Arana Gulch, adjacent to the terminus of 7th Avenue at Soquel Avenue. Arana Gulch is about 50 feet below the site. A new high density plastic pipe will discharge runoff from the property over a 48-foot distance to an energy dissipater about 10 feet above the high flow line of Arana Gulch. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2004-5368-3 pursuant to Section 1602 of the Fish and Game Code to the project operator, Carol Robins. | NOD | |
| 2004088056 | Edgewood Park Storm Drain Project Fish & Game #3 Woodside--San Mateo Installation of a storm drain outfall from 529 Rocky Way extending to 545 Rocky Way and terminating at the edge of the park. Issuance of a Streambed Alteration Agreement Number R3-2002-0905 pursuant to Fish and Game Code Section 1602. | NOE | |

| 2004088065 | San Wilson's Eagle (Trailhead Kiosk) Parks and Recreation, Department of --San Luis Obispo Install an informational trailhead kiosk (display case) at the Reserve trailhead and improve trail directional signs. The display case will be placed near the reserve parking lot. The kiosk will be approximately 7' high by 3' wide and two 2' by 3' holes will be dug for kiosk support posts. | NOE | |
| 2004088066 | 3350 Seventeen Mile Drive Channel Restoration Fish & Game #3 --Monterey The proposed project would restore the stream channel by removing the concrete lining and recreating a natural bottom. A construction ramp would be removed and disposed offsite, and imported fill would be brought in to raise the level of the stream to be to approximately the level of the concrete. The channel bottom would be lined with cobbles, boulders, and other stones to simulate a natural stream bottom and allow for establishment of riparian vegetation. Issuance of Streambed Alteration Agreement Number 1600-2004-0030-3 pursuant to Fish and Game Code Section 1602. | NOE | |
| 2004088067 | Line 400 Pipe Replacement from San Luis Drive to Cuesta Pump Station Fish & Game #3 San Luis Obispo--San Luis Obispo The proposed project consists of two parts. The first part would construct a trench across the creek immediately downstream from an existing concrete walkway/driveway, through a concrete creek crossing, to install new 8-inch diameter pipelines to carry semi-refined product. Water would be diverted through one 24-inch diameter pipe or two smaller pipes extending through the box culvert, with coffer dams constructed upstream and downstream from the diversion. The second part of the project would replace two existing pipes, each approximately 12 inches in diameter, that pass through concrete and wooden wingwalls at a road crossing over an ephemeral drainage to San Luis Obispo Creek. | NOE | |
| 2004088068 | Baker Streambed Alteration Fish & Game #3 --Sonoma Extend an existing 170-foot long 24-inch culvert to underground an additional 96 feet of ephemeral swale which is eventually tributary to Sonoma Creek. The discharge from the culvert will be armored with rock rip-rap to control erosion. Issuance of a Streambed Alteration Agreement Number 1600-2004-0530-3 pursuant to Fish and Game Code Section 1602. | NOE | |
| 2004088069 | Dan Wilson Creek Channel Grade Maintenance Solano County Water Agency --Solano SCWA proposes to dredge approximately 40,000 cubic yards of sediment from Dan Wilson Creek. Dan Wilson Creek is a flood control channel built by the ACOE in 1962. The dredge limit is approximately 1 foot above the as-built design grade due to practical transition constraints. The dredge work will be conducted from the top of bank with a long reach excavator which will not require any equipment operation in the channel. | NOE | |

| 2004088070 | <p>Estero Americano Ranch Restoration Program 2004 Gold Ridge Resource Conservation District (GRRCD) --Sonoma</p> <p>Work will consist of removing legacy tires installed many years ago to control erosion in two seasonal gullies and stabilizing the areas. A 1,300-foot stretch of the southern most, 1,800 foot long gully will be regraded to a 1% sloped grassed waterway, intermittently interrupted by a 15% drop, 50' long with a 7.66' drop in elevation. Rock riprap will be underlain with woven filter fabric 6-8 z. per square yard or 6" of gravel placed subgrade.</p> <p>Tires will be removed from the northern most, 300" gully with minimum disturbance. Existing trees will be left intact, if possible. Where possible, disturbed or eroded banks will be laid back to 2:1, mulched, and seeded with an erosion control seed blend. Disturbed areas on steeper slopes, erosive areas, and the bottom of the channel will be treated with geotextile fabric. A 200-foot long, five strand barbed wire livestock exclusion fence will be installed surrounding the treatment area.</p> | NOE | |
| 2004088071 | <p>D.L. Bliss and Emerald Bay Highway Defensible Fuel Profile Zone Parks and Recreation, Department of --El Dorado</p> <p>Create a 300-foot Defensible Fuel Profile Zone (DFPZ) along the east side of Highway 89 and along both sides of a short section along the Vikingsholm Service Road. Total area to be treated is approximately 24 acres. The DFPZ will include a more intensively treated shaded fuel break within 100 feet of structures. Project will reduce the risk of catastrophic wildfire to State Park forest resources and adjacent private residences. Vegetation treatments will be designated to improve the forested views along the highway, and create a more fire defensible fuels complex. Treatment will be performed by hand crews and will include cutting of vegetation with chainsaws. Adjacent residents and landowners will be notified before work begins.</p> | NOE | |
| 2004088080 | <p>Sacramento County Bridge Joint Reconstruction Caltrans Sacramento--Sacramento</p> <p>The proposed work is needed to restore the joints to their original condition and to prevent debris and dirt from entering the joint area, thereby providing the necessary joint movement. All joint rebuild work will be contained within the bridge deck area.</p> | NOE | |

| 2004041018 | Construction and Operation of a Regional Biosolids Processing Facility Rialto, City of Rialto--San Bernardino The facility would have the design capacity to process 125 dry tons per day (tpd) of biosolids at approximately 20 percent solids and to produce approximately 105 dry tpd at approximately 5 percent moisture of E-Fuel, the finished product. The facility would operate 24 hours per day, seven days per week, and 330 days per year to process the biosolids; with approximately 35 days per year to process the biosolids; with approximately 35 days per year reserved for scheduled maintenance. | EIR | 09/20/2004 |
| 2004061073 | Espanada Project Chula Vista, City of Chula Vista--San Diego Redevelopment of a 4.2-acre site in the Urban Core district of Chula Vista, with 200 high-rise "for-sale" residential units, 16 townhouses, 13,000 square feet of retail commercial, and 8,600 square feet of high-end restaurant uses. The project would be developed under the Espanada Specific Plan. | EIR | 09/20/2004 |
| 2004081029 | Avenue 39 Elementary School Desert Sands Unified School District Indio--Riverside Twelve acres of real property, construction, maintenance and operations of all necessary temporary and permanent school facilities, including relocatable classrooms, administration and support facilities to service approximately 750 elementary school students. | NOP | 09/03/2004 |
| 2004081038 | Rancho Mirage General Plan Update Rancho Mirage, City of Rancho Mirage--Riverside The update involves a revision to the land use and zoning maps and a revision to elements required by the State of California as well as optional elements. The update includes the consolidation of several existing elements into new elements, the development of new goals and policies, and a revision to the City's economic goals reflected in land use changes. | NOP | 09/03/2004 |
| 2004081039 | South Airfield Improvement Project Los Angeles, City of Los Angeles, City of--Los Angeles The City of Los Angeles proposes to construct a new 75-foot wide Airplane Design Group V center taxiway between Runways 7L-25R and 7R-25L at LAX in order to minimize the potential for runway incursions. This project is identified as the first Phase 1 improvement project under Alternative D of the LAX Master Plan EIS/EIR. The project site is located on LAX property near the Airport's southern boundary. The site is currently paved and in active airfield use for commercial service aircraft operations. | NOP | 09/03/2004 |
| 2004081028 | 585 Morro Avenue Morro Bay, City of Morro Bay--San Luis Obispo Four unit community housing project with four single family dwellings with a two car garage each. | Neg | 09/03/2004 |

| 2004082029 | Smith (Chris) Special Permit (SP-03-122) for Removal of <75 Trees Under a <3 Acre Conversion Humboldt County Planning Department --Humboldt A Special Permit is required for timber harvest under a <3-Acre Conversion in a residential zone. The timber harvest, +/- 1.2 acres in size, will remove <75 trees ranging in size from 17"-49" dbh. Included in the harvest will be sitka spruce, redwood and douglas fir for a total of +/-50,000 board feet. The conversion is to create a building site/open space on the newly created parcel of 3 acres. Access to the log landing will be via Buttermilk Lane. The total parcel size is 3 acres. Future development will be served by community water and on-site sewage disposal. The parcel is not in the Coastal Zone. | Neg | 09/03/2004 |
| 1997122002 | Addendum to the Lent Ranch Marketplace Final EIR Elk Grove, City of Elk Grove--Sacramento The Lent Ranch Marketplace Project was approved in June 2001. It is located west of State Route 99 and is generally bounded by State Route 99, West Stockton Boulevard, Kammerer Road and the proposed South Pointe development project (Assessor Parcel Numbers 132-0152-002, 134-0600-019, 134-0220-068 and -069). The project would involve the development of about 3.1 million square feet of regional mall, general commercial, hotel, entertainment, office, and other retail uses and about 280 multi-family residential units. | NOD | |
| 1999101047 | One Broadway Plaza Santa Ana, City of Santa Ana--Orange The proposed project involves the development of 37-story office building consisting of 518,003 square feet of office area, 8,525 of retail area, 18,596 square feet of restaurant area and an 8 level parking structure. | NOD | |
| 2000051126 | Oak Valley and SCPGA Golf Course Specific Plan #318 (Oak Valley SP #318) Riverside County Calimesa, Beaumont--Riverside CDFG is executing a Lake and Streambed Alteration Agreement (SAA #1600-2004-0021-R6) pursuant to Section 1602 of the Fish and Game Code to the project applicant Mike Turner of SunCal Companies. Phases Two, Three, and Four, the Operator is proposing to develop the remaining approximately 812.33 acres of the 985.29 acre area into 2,536 residential lots on 726.09 acres, a 14.95 acre school site, 34.38 acres of commercial area, 45 acres of park space and 154.51 acres of conserved open space, and supporting infrastructure. | NOD | |
| 2003042133 | Ranch View Terrace University of California, Santa Cruz Santa Cruz--Santa Cruz The project includes development of the Ranch View Terrace Faculty and Staff Housing project on 12.96 acres of the northern half of Inclusion Area D in the southern portion of the UCSC campus. The project site also includes two proposed access road alignments (1.56 acres), one to the east and one to the north; two proposed utility alignments sites (0.50 acres), one to the south along the eastern edge of Inclusion Area D and one to the southwest through the Arboretum eucalyptus grove; and realignment of the existing bicycle path that runs to the east | NOD | |

| 2004072004 | Extreme Ozone Attainment Demonstration Plan San Joaquin Valley Air Pollution Control District San Joaquin--Fresno, Kings, Madera, Merced, Tulare The San Joaquin Valley Air Basin (SJVAB) does not currently meet federal 1-hour ambient air quality standards for the pollutant ozone, which is a primary component of smog. At levels above the federal standards of 0.12 ppm, ozone adversely affects public health, diminishes the production and air quality of many agricultural crops, reduces visibility, degrades man-made materials, and damages native and ornamental vegetation. The Draft Extreme OADP describes the factors of contributing to the SJVAB's persistent 1-hour air quality problems, quantifies air pollutant emissions that cause ozone to form in the SJVAB, identifies control measures (past, present, and future) needed to reduce these emissions, and projects future air quality based on implementation of these controls. In addition, the Draft Extreme OADP fulfills state requirements for the California Clean Air Act Plan Triennial Progress Report and Plan Revision, and fulfills federal requirements for demonstrating rate of progress in meeting emissions reduction targets. | EIR | 09/07/2004 |

| 2004088090 | Petition for Change State Water Resources Control Board, Division of Water Rights --Mendocino The petitioner seeks the right to modify License 10246 by adding a second point of diversion (Well 4), decreasing the place of use from 85 acres to 74 acres, and correcting minor discrepancies in the description of the location of the place of use and the point of diversion (Well 1) authorized under this license. The petitioner holds a separate water right, Permit 20091, authorizing Well 4 to be operated for frost protection of 70 acres of the place of use. Well 4 was constructed in 1971. The project is located in Mendocino County. No changes in the purpose of use, amount of water appropriated, or the season of diversion are proposed. | NOE | |
| 2004088092 | Petition by Sonoma County Water Agency Requesting Approval of a Temporary Urgency Change in Water Right Permits in Mendocino and Sonoma Counties State Water Resources Control Board, Division of Water Rights --Sonoma On June 29, 2004, Sonoma County Water Agency (SCWA) filed a petition with the State Water Resources Control Board (SWRCB) requesting approval of a Temporary Urgency Change to the subject permits pursuant to California Water Code section 1435. The petition requests that from July 1 through December 31, 2004, minimum flows for Dry Creek and the Russian River be established based on dry-year criteria rather than normal-year criteria as defined in SWRCB Decision 1610. SCWA states that "unusual hydrologic conditions in the Russian River this year warrant immediate State Water Board approval of this Petition to avoid the significant risks, particularly to adult Chinook salmon, that otherwise will occur from lower water levels in Lake Mendocino during the fall of 2004." SCWA's petition involves the following permits: -Permit 12947A -Permit 12949 -Permit 12950 | NOE | |
| 2004088093 | Am. River Watershed Common Features Project-FEMA Erosion Sites Repairs Reclamation Board Sacramento--Sacramento RM 7. OR site access has been modified to occur at University Park. In order for hauling equipment to access the parkway at this location, the levee will be degraded approximately 4 feet and a temporary waterside access ramp will be constructed. At completion of the project, this access ramp will be removed and the levee will be restored to its current height and condition. | NOE | |
| 2004088094 | Road Maintenance and Improvements Fish & Game #2 --Placer Replacing an existing box culvert, widening of a bridge over the culvert and installation of one culvert. | NOE | |

| 2004081049 | <p>CUP/ZC 03-117 16166 Spunky Canyon Road, Green Valley, CA 91350 Los Angeles County Department of Regional Planning --Los Angeles</p> <p>The proposed project is a request for a Conditional Use Permit and Zone Change for R-1, 7,500 to C-2 DP to allow for the construction, operation, and maintenance of a one-story, 3,054 sf market and gasoline pumping station and for the sale of alcoholic beverages for off-site consumption. Two of the three properties which comprise the project site are zoned R-1, 7,500 and total 9,000 sf. The third lot is zoned C-2 and totals 6,000 sf. A total of four gasoline pumps will be configured in an "island" style with a permanent 21' shelter constructed with building materials to match the mini-market building. 8,000 sf of the lot will be covered by structures and asphalt. Concrete sidewalks will line the north and east property lines. A children's play area and picnic benches will be added immediately adjacent to the east side of the market building. Landscaped cement walls will be constructed along the west and south property lines to provide privacy to the neighboring property owners. Three landscaped areas will be located along the eastern property line along Spunky Canyon Road. A new water well and septic system will be required to serve the proposed project as indicated on the site plan. Twelve parking spaces will be provided on site; 1,500 sf of the lot will be landscaped. The proposed facility will operate 5:00 am to 12:00 midnight, 7 days a week. There will be a maximum of two employees working during each of the three daily shifts.</p> | Neg | 09/07/2004 |

Runoff will be collected between the months of April and November, subject to the requirements of the MRWPCA. | NOD | |
| 2004062036 | Nikon Precision Building, World Wide Training Center Addition Belmont, City of Belmont--San Mateo Design Review and Grading Plan to allow construction of a 31,392 square foot addition to the existing 48,250 square foot three-story Nikon Precision Inc. office building, associated parking, pedestrian accessways, and new landscaping for the 5.37-acre project site. | NOD | |
| 2004062061 | Auburn Water Treatment Plant Expansion Project Placer County Water Agency Auburn--Placer The proposed project would consist of an upgrade and expansion of the Auburn Water Treatment Plant (WTP) and associated facilities to serve growth in the Auburn service area and to provide improved reliability and more dependable service. The Auburn WTP presently has a maximum capacity of about 6 million gallons per day (mgd). PCWA would expand the WTP facilities to allow for ultimate system buildout and 14 mgd. This expansion would occur in multiple phases. Phase I would include all improvements and installation of facilities capable of treating 8 mgd of water. Future phases would add modular units within the interior of the phase I treatment facility, as demand increases, to treat an additional 6 mgd, increasing the total plant capacity to 14 mgd. The project also would include | NOD | |

| | construction of a parking area and implementation of wildland fire safety treatments. | | |
| 2004062110 | Yandolino Driveway (EIAQ-3836) Placer County Planning Department --Placer The project includes the previous construction of a driveway that crosses a waterway. The driveway construction included the installation of a culvert over a new driveway and resulted in the removal of riparian vegetation. | NOD | |
| 2004089040 | Grimm-Linda Tentative Parcel Map; TPM 20714 rpl; ER Log No. 02-02-034 San Diego County Department of Planning and Land Use Fallbrook--San Diego The project proposes a minor subdivision of land, which involves assessor parcel numbers 124-100-47 and 124-101-03. The two parcels equal a total of 8.48-acres and would subsequently be divided into four (4) parcels ranging from 2.00 to 2.19-acres. The current single-family residence would continue to exist on the proposed parcel number three (3). The proposed subdivision also proposed the addition of three (3) new driveways gaining access from Linda Vista Drive. | NOD | |
| 2004089041 | Streambed Alteration Agreement 1600-2004-0382-3/THP 1-04-114 MEN Fish & Game #3 --Mendocino The applicant proposes the upgrading of one Class I watercourse crossing area along an unimproved seasonal road. The upgrade will involve reinstallation of a permanent crossing located in Mendocino County, T11N, R 15W, Section 4. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement 1600-2004-0382-3 pursuant to Section 1602 of the Fish and Game Code to the project applicant, Mr. David Frykman, Mendocino Redwood Company. | NOD | |
| 2004089042 | R-2 Density Modification, Z-2004-001, E-2004-035 Santa Maria, City of Santa Maria--Santa Barbara Amendments to Chapter 7 of Title 12 of the Municipal Code (Zoning) related to density standards-to allow any lot of 6,000 square feet or less of net land area may have two dwelling units provided all setback, open space, landscaping, and parking requirements of the R-2 zone can be met. | NOD | |
| 2004089043 | The Chino Valley Recycling Market Development Zone (CVRMDZ) Chino, City of Chino, Chino Hills--San Bernardino The Chino Valley Recycling Market Development Zone (CVRMDZ) program combines recycling with economic development to fuel new businesses, expand existing ones, create jobs, and divert waste from landfills. The program provides loans, technical assistance and free product marketing to businesses that use materials from the waste stream to manufacture their products and are located in the zone. The original Recycling Market Development Zone has been expanded to include the recently annexed areas in the city of Chino, and renewal of the current RMDZ program from April 2004 to April 2014. No construction or physical development is specifically authorized by the CVRMDZ. | NOD | |

| 2004088115 | Rochioli River Bank Stabilization Project Fish & Game #3 Healdsburg--Sonoma Stabilize an eroding section of the west bank of the Russian River approximately three miles upstream of Wohler Bridge near Healdsburg, Sonoma County. The project site has experienced recent and severe erosion, as have other reaches of the west bank in the same area. Rock rip-rap will be placed over an approximately 400-foot length of river bank. The rip-rap will consist of about 3,000 CY of 1/2 to 2 ton rock placed in a layer about 4 feet thick. The voids between the rock will be filled with river gravel and soil. Willow cuttings and other native riparian tree seedlings will be planted within the rip-rap to restore habitat and provide additional bank stabilization. The top-of-bank area will be seeded and protected against erosion. Issuance of a Streambed Alteration Agreement Number 1600-2004-0311-3 pursuant to Fish and Game Code Section 1602. | NOE | |

| 2003022090 | <p>Lenihan Dam Outlet Modifications Project Santa Clara Valley Water District Los Gatos--Santa Clara</p> <p>Since the late 1980's, sections of the Lenihan Dam Outlet outlet pipeline have experienced buckling. Due to these conditions, the Divisions of Safety of Dams (DSOD) has imposed an operation restriction limiting discharges through the outlet pipe to 70 cubic feet per second (cfs) reducing optional flexibility. The project is intended to provide a fully functional outlet works through the construction of the following elements: 1) a tunnel through the hillside to the south of Lenihan Dam to carry a new outlet pipe; 2) a multi-port inclined intake structure in Lexington Reservoir adjacent to the dam; 3) an energy dissipation structure in Los Gatos Creek at the new pipeline discharge; and 5) new control buildings for operation of the control valve located near the adjacent Santa Clara County Department of Parks and Recreation parking lot and the proposed outlet energy dissipation structure. Construction period would be about 18 months, using several staging areas including an existing paved lot that provides parking for public recreational uses. Reservoir levels will be lowered for one year and a coffer dam will be installed to allow for construction of the new intake structure.</p> | EIR | 09/23/2004 |

|--|---|------------------|----------------|
| <u>Documents Received on Tuesday, August 10, 2004</u> | | | |
| 2003102067 | Westside Industrial Specific Plan (WISP) Turlock, City of Turlock--Stanislaus Proposed new job center, including expansion of existing industrial uses, includes development of an Agri-Science Industry. | EIR | 09/23/2004 |
| 2004042081 | Coast Hotel Project Santa Cruz, City of Santa Cruz--Santa Cruz Demolition of existing hotel and reconstruction of a 270-room hotel, and construction of an approximately 21,000 sf, 1,000-seat conference center with 40 employee parking spaces, and an approximately 650-space parking structure. The project will require an amendment to the Beach / South of Laurel Area Plan (B/SOL Plan), which is part of the City's certified Local Coastal Plan. | EIR | 09/23/2004 |
| 2004084002 | Outrigger Telescopes Project National Aeronautics and Space Administration La Canada-Flintridge--Los Angeles NASA has just released an approximately 600 page Draft Environmental Impact Statement (DEIS) for the Outrigger Telescopes Project, a proposal to fund the construction and installation of four to six 1.8-m telescopes at the W.M. Keck Observatory site on Mauna Kea, Hawaii. At nearly 600 pages, this DEIS represents the most comprehensive study ever done undertaken of the impacts of past projects and potential future development on Mauna Kea. | EIS | 09/23/2004 |
| 1998072074 | Napa River Salt Marsh Restoration California State Coastal Conservancy Vallejo--Napa, Solano, Sonoma The purpose of the project is to restore a mosaic of habitats, including tidal habitats and managed ponds, to this property and provide for better management of ponds in the area to support populations of fish and wildlife, including endangered species, migratory waterfowl, shorebirds, and anadromous and resident fish. The project includes three primary components to achieve the project-salinity reduction, habitat restoration, and water delivery. Each of these components is analyzed separately then combined with one another to create complete set of project alternatives. | FIS | 09/09/2004 |
| 2004081066 | City of Chula Vista General Plan Update Chula Vista, City of Chula Vista--San Diego The proposed City of Chula Vista General Plan Update, consisting of a comprehensive update of the City's current General Plan and related actions, including but not limited to amendments to the Otay Ranch General Development Plan, Otay Ranch Resource Management Plan, City of Chula Vista MSCP Subarea Plan, Montgomery Specific Plan, and the Chula Vista Growth Management Program and Ordinance. State law requires each city to adopt a comprehensive, long-term general plan for the physical development of the city and any land outside its corporate boundaries that relates to its planning and operation. In addition to proposed citywide and area-specific goals, objectives, and policies, changes to General Plan land use designations and circulation element roadways are proposed within three of the four Planning Areas that comprise the Chula Vista General Plan Area. No land use designation or circulation element roadway changes are proposed within the Bayfront Planning Area of the proposed General Plan Update. | NOP | 09/08/2004 |

|--|---|------------------|----------------|
| <u>Documents Received on Tuesday, August 10, 2004</u> | | | |
| 2003072119 | Diamond Mine Vineyard, Phase 2 Lake County Community Development Department --Lake Discretionary grading permit to clean 130 acres of native vegetation. | Neg | 09/08/2004 |
| 2004081063 | Harbor Police Station and Jail Replacement Los Angeles, City of --Los Angeles Construction of replacement police station at existing Harbor Community Police Station at 2175 John S. Gibson Blvd in San Pedro. Includes new police station with jail wing, parking structure, auto repair building, communications tower, helipad, visitor parking, and landscaping. Temporary relocation to vacant site at Harry Bridges Blvd and Neptune Ave in Wilmington required during construction. | Neg | 09/08/2004 |
| 2004081064 | Monroe Avenue Extension Project Murrieta, City of Murrieta--Riverside Extension of Monroe Avenue between Symphony Park Lane and Walsh Center Drive. Monroe Avenue is proposed as a 4-lane roadway with a curb to curb width of 76 feet within a 100 foot right-of-way. One of Four (4) alternative alignments will be selected. | Neg | 09/08/2004 |
| 2004081067 | West Tulare Redevelopment Plan Amendment Tulare Redevelopment Agency Tulare--Tulare The Amendments to the West Tulare Redevelopment Plan will include changes to the West Tulare Redevelopment Plan, Zoning Ordinance and General Plan, and the adoption of the West Inyo Avenue Master Plan. The Amendments are proposed to further the redevelopment effort in the West Tulare Project Area by eliminating incompatible and conflicting land uses, installing and reconstructing needed public improvements and extend eminent domain authority. | Neg | 09/08/2004 |
| 2004081068 | Chula Vista Boys and Girls Club (Len Moore) Skate Park Chula Vista, City of Chula Vista--San Diego The City of Chula Vista is seeking a Skate Parks and Recreation Department grant for the recently constructed 21,200 sf Len Moore Skate Park, located on a 1.3-acre site immediately east of the Chula Vista Boys and Girls Club building within the southeastern portion of Greg Rogers Community Park. The project site was formerly a playground for the Boys and Girls Club. The skate park is leased by the Boys and Girls Club, which operates the facility. Facility improvements include a 420 sf restroom building, 420 sf office/rental storage building, four seating bleachers covered by three shade structures, vehicle turnaround/drop-off area within the northeastern portion of the Boys and Girls Club parking lot, and landscaped plaza areas. The initial hours of operation for the skate park are 9:00 am to 9:00 pm, Sunday through Thursday, and 9:00 am to 10:00 pm, Friday and Saturday. | Neg | 08/30/2004 |
| 2004081069 | Certificate of Compliance 02-24 San Benito County Hollister--San Benito Legalize a "remainder" 2 1/2 parcel for development with a single family dwelling. | Neg | 09/08/2004 |

| <u>Documents Received on Tuesday, August 10, 2004</u> | | | |
| 2004081070 | St. Malo Berm Project Oceanside, City of Oceanside--San Diego The proposed project is constructed of a combination of eathern berms and walls within the rear yards of properties in the St. Malo development adjacent to Buena Vista Lagoon. | Neg | 09/08/2004 |
| 2004081071 | Combined Solid Waste Permit Monterey Regional Waste Management District Marina--Monterey The objective of the proposed project is to combine the MRF and the MLP operations under one Solid Waste Facility Permit (SWFP). The MRWMD currently operates under two separate SWFP permits: SWFP No. 27-AA-0080 for the MRF. and SWFP No. 27-AA-0010 for the MLP. The MRWMD would surrender the existing SWFP No. 27-AA-0080, and combine the MRF and MLP operations under a revised SWFP No. 27-AA-0010. | Neg | 09/09/2004 |
| 2004082044 | GP04-T-01 General Plan Text Amendment to Facilitate Recycling on Landfill Sites San Jose, City of San Jose--Santa Clara General Plan Text Amendment request to revise General Plan policies and Land Use / Transportation Diagram designation descriptions to facilitate recycling uses on landfill sites. The proposed General Plan text amendment includes revision of text in the Specific Land Use Plan for the Alviso Planned Community. The text amendment could potentially facilitate the continuation and expansion of recycling operations on landfill sites after closure of landfills. | Neg | 09/08/2004 |
| 2004082045 | Virgilia Estates TSM 9-03/04-03 Plumas County Planning Department --Plumas Division of 89.98 acres into 7 lots of about 10 acres each and a remainder of 19.32 acres. | Neg | 09/08/2004 |
| 1994113039 | Airport Development Program Oakland, Port of Oakland--Alameda Oakland International Airport Ground Transportation has limousines, courtesy shuttles and door-to-door shuttles. Taxicabs and door-to-door shuttles operate at the airport as an on-demand service. The airport does not currently have limousines that operate as an on-demand service provider. The principal four members of the Limousine and Sedan Company own and operate a limousine service in the San Francisco Bay Area. The members approached the Port of Oakland Landside Operations Department to set up an 18-month on-demand limousine service pilot program. The pilot program offers an additional option to passengers through a non-scheduled walk up service from two centrally located desks. The service will be provided at a discounted flat rate. The airport will provide space (at a per sqaure-foot rental fee) for two sales desks in the baggage claim areas, small operations office, space in terminal, and a staging lot for vehicles on airport property. | NOD | |

| 2001051010 | Jeffrey Open Space Spine, 00317631-PPA and Supplemental Environmental Impact Report for the Northern Sphere Area. (SCH 2001051010). Irvine, City of Irvine--Orange Additional 7 foot excavation of the basin bottom, modifications to the existing southwest outlet structure and the northwest inlet channel, and construction of a new low level outlet. | NOD | |
| 2001051100 | Renaissance Terrace Oceanside, City of Oceanside--San Diego Development of 96 condominium units on a 7.5 acre project site. | NOD | |
| 2003031021 | City of Seaside General Plan Seaside, City of Seaside--Monterey The proposed project analyzed in the Program EIR consists of a comprehensive update of the City of Seaside General Plan. The proposed City of Seaside General Plan is divided into eight elements that together meet the requirements for the seven mandatory elements under state law plus optional urban design and economic development elements. The elements that meet the requirements for the seven mandatory elements are: 1) land use; 2) housing; 3) conservation/open space (meets State requirements for open space and conservation elements); 4) circulation; 5) safety; and 6) noise. | NOD | |
| 2004041061 | Highlands Sewer Connection Carmel Area Wastewater District (CAWD) Carmel--Monterey The proposed project will eliminate the existing wastewater treatment and disposal activities of the Highlands Inn and the HSA, and redirect the wastewater generated from these entities to the CAWD treatment facilities. The Highlands Sewer Connection Project will combine the wastewater from the Highlands Inn, the Tickle Pink Inn, and HSA and convey it to a new pump station located on the Highlands Inn property. New and existing sanitary sewer lines would then convey the wastewater to the CAWD Calle la Cruz pump station near Ribera Road. | NOD | |
| 2004061012 | City of Mendota Site Plan Review #04-03 (81 unit apt. complex) Mendota, City of Mendota--Fresno Construction of an 81 unit apartment complex on approximately 5.7 acres. Units will range in size from a three bedroom unit at 1,250 sf and four bedroom units at 1,400 sf. The complex will provide an on-site community center, playground and open space/turf play area. | NOD | |
| 2004061077 | Lockheed Martin Corporation's Monitoring Wells in Bunker Hill Basin San Bernardino Valley Water Conservation District Redlands--San Bernardino Lockheed Martin Corporation will install three monitoring well sites on property owned by San Bernadino Valley Water Conservation District and two on property owned by 7-W Enterprises. | NOD | |

| 2004061079 | Santa Ana River Monitoring Well No. 2 San Bernardino Valley Water Conservation District Highland--San Bernardino The San Bernadino Valley Water Conservation District will utilize a portion of its AB 303 grant to install a second monitoring well downstream of its Santa Ana River Spreading Basins. | NOD | |
| 2004062077 | East Stockton Boulevard / Grant Line Road Intersection Improvement Project Elk Grove, City of Elk Grove--Sacramento The proposed project would replace the four-way stop sign at the intersection of East Stockton Boulevard and Grant Line Road with a traffic signal. The northwest corner of the intersection would also be widened by approximately 10 feet, tapering at approximately 120 feet north and 140 west of the centerline of Grant Line Road to allow for a right turn lane, through lane, and a left turn lane on southbound East Stockton Boulevard. Westbound Grant Line Road at the approach of the intersection would be re-striped to include a right turn lane, a through lane, and a left turn lane. Northbound East Stockton Boulevard would be re-striped with a through lane and a left turn lane. | NOD | |
| 2004088173 | Inglewood One-Stop Employment Development, Department of Inglewood--Los Angeles To lease approximately 5,925 square feet of office space to house Job Service office staff. | NOE | |
| 2004088174 | Removal Action Workplan for Groundwater for Cintas/DeDomenico Site Toxic Substances Control, Department of San Leandro--Alameda The Department of Toxic Substances Control (DTSC) has approved a Removal Action Workplan (RAW) for the shallow groundwater that is impacted with volatile organic compounds (VOCs) above state Maximum Contaminant Levels (MCLs). The proposed removal action for the groundwater consists of institutional controls and monitoring. A deed restriction will be placed for the groundwater to restrict domestic use of the site groundwater until concentrations have decreased below state MCLs. | NOE | |
| 2004088175 | Removal of Sediment from the North Fork Long Canyon Diversion Placer County Water Agency --Placer Fine sediment obstructing the diversion intake and pool will be removed using conventional excavation equipment, then hauled to a designated upland storage site on private or U.S. Forest Service lands. A stream flow bypass system will be installed to allow unwatering of the diversion pool, so excavation can be performed in the dry. The work will be performed under a California Department of Fish and Game 1601 Agreement. | NOE | |
| 2004088176 | Wassama Sweat House Construction and Event Permit Parks and Recreation, Department of --Madera Build and operate a 16-foot diameter Southern Sierra Miwok-style sweat house at Wassama Round House State Historic Park, separated from extant Round House by sloping topography, a barbed-wire fence, and 170 feet of distance. With qualified archaeological and Native American monitors present, and using hand tools only, clear surface vegetation from a 50' diameter area and hand-level | NOE | |

| 2004081075 | Wastewater Master Plan Amendment Clovis, City of Clovis--Fresno The Wastewater Master Plan Amendment includes wastewater and non-potable water facilities in the Southeast Urban Center Specific Plan area. The new wastewater collection and non-potable facilities would include a north-south alignment extending from the DeWolf/Bullard intersection to a new pump station located at the Ashlan/Leonard intersection. From the pump station, an east/west alignment would extend to the Ashlan/Fowler interserction where the new collection facilities would join the existing collection facilities connecting to the regional wastewater treatment facility located southwest of the City of Fresno. | Neg | 09/09/2004 |
| 2004081083 | Southern California Water Company - Goodyear #4 Wellhead Treatment Health Services, Department of --Los Angeles SCWC is planning to install a Granular Activated Caron (GAC) facility at the Goodyear No. 4 well site to remove VOCs. | Neg | 09/10/2004 |
| 2004082046 | South Airport Costco Gasoline Facility South San Francisco, City of South San Francisco--San Mateo The proposed project includes development of an automated self-service vehicle fueling facility consisting of 4 pump islands containing 8 gasoline dispensers (16 fueling positions), a pump island canopy, 3-30,000 gallon underground fuel tanks and minor accessory structures on vacant property located on the southeasterly corner of South Airport Boulevard and Belle Air Road, and reconfiguring the parking and landscaping in the main Costco warehouse parking lot at 451 South Airport Boulevard, in accordance with South San Francisco Municipal Code Section 20.24.030(c). | Neg | 09/09/2004 |
| 2004082047 | Lower American River-Mayhew Floodplain Environmental Enhancement Project Sacramento Area Flood Control Agency Sacramento--Sacramento The proposed project includes establishing native grass and herbaceous species and controlling non-native, invasive plants in two, 2.5 acre areas in the floodplain of the Lower American River, between the Mayhew Drain and the Gristmill Access Road. Proposed actions will include removing existing nonnative invasive herbaceous weeds with mechanical mowing, hand tools, and herbicide use; removing nonnative invasive trees by cutting, painting stumps with herbicide, and chipping woody debris; installing and operating an irrigation system, and planting native grasses and forbs. Irrigation, weed removal, and supplemental planting area expected to occur for 1-3 years after the project is installed in Fall, 2004. Please refer to the Initial Study for a more detailed description of the project purpose, location, proposed construction methods, schedule, and environmental effects. | Neg | 09/09/2004 |
| 2004082048 | Garden Creek Stabilization Project Danville, City of Danville--Contra Costa The proposed project consists of installation of erosion control fabric, plantings and engineered concrete mattress to prevent further degradation of the existing streambank. Currently the stream bank is eroding and threatening the property and the homes at the Garden Creek Development. | Neg | 09/09/2004 |

The project site is located off Tomki Road on Cliff Spaletta's property in Redwood Valley, Mendocino County. Sites greater than 10 feet X 10 feet shall be revegetated with native species using plant material collected from the Russian River basin. Sites are located along the West Fork of the Russian River. The Department of Fish and Game is issuing a Streambed Alteration Agreement Number 1600-2004-0389-3 pursuant to Fish and Game Code Section 1602. | NOE | |
| 2004088187 | White Oak Ranch Gravel Extension Fish & Game #3 Ukiah--Mendocino The project involves the repair of an existing culvert on a small unnamed tributary to Jumpoff Creek, a tributary to the Middle Fork Eel River, Mendocino County (Section 32, T23N, R10W, Mendocino Pass 7.5 minute U.S. Geological Survey quadrangle). The site is located approximately 13.10 miles east of Highway 162 on Mendocino Pass Road. The Department of Fish and Game is issuing a Streambed Alteration Agreement Number 1600-2004-0573-3 pursuant to Fish and Game Code Section 1602. | NOE | |
| 2004088188 | Burton Creek Restoration Fish & Game #3 --Napa The operator proposes to stabilize eroding streambeds on Burton Creek and an unnamed tributary to Burton Creek at the northwest corner of Chiles Pope Valley Road and Barnett Road, Pope Valley, Napa County. Issuance of a Streambed Alteration Agreement Number 1600-2004-0475-3 pursuant to Fish and Game Code Section 1602. | NOE | |
| 2004088189 | Huichica Hills Ranch Fish & Game #3 Napa--Napa The operator proposes to repair an eroded bank and redirect drainage off of the barn roof and into Huichica Creek on the Robert Mondavi Vineyard-Huichica Hills Ranch property at 1319 Duhig Road, Napa, Napa County. The hillside runoff will be redirected by a waterbar across the road to a catchpit upstream of the bridge. The barn runoff will be collected in a drain and directed into the existing barn drainage or new catchpit adjacent to the bridge. Issuance of Streambed Alteration Agreement Number 1600-2004-0534-3 pursuant to Fish and Game Code Section 1602. | NOE | |

| <u>Documents Received on Thursday, August 12, 2004</u> | | | |
| 2004081079 | Windmill Apartments Site Plan; STP 02-037 San Diego County Department of Planning and Land Use --San Diego The proposed site plan is for the construction of 61 apartment units that will be within five one and two-story buildings, and four separate single-story parking structures. | NOP | 09/10/2004 |
| 2004081080 | City of Inglewood Eligible Enterprise Zone Areas Inglewood, City of Inglewood--Los Angeles Proposed designated areas within the City of Inglewood for participation in the California Enterprise Zone Program (CalEZ). | NOP | 09/10/2004 |
| 2004081081 | Columbia Elementary School Eastside Union School District Lancaster--Los Angeles The Eastside Union School District proposes to construct and operate a new elementary school in Lancaster, at East Avenue J-4 and 27th Street East. The school will accommodate approximately 850 students. | NOP | 09/10/2004 |
| 2004082052 | San Francisco General Hospital Air Medical Access, San Francisco Planning Department Case No. 2003.1200E San Francisco, City and County Planning Dept. San Francisco--San Francisco The proposed project is to construct and operate a helipad on the southwestern portion of the rooftop of Wing C of the San Francisco General Hospital's main hospital building, located at 1001 Potrero Avenue. The helipad would consist of three principal elements: a 54-foot by 54-foot (3,000 square foot) helipad platform; interior modifications to the east elevator (which serves the Emergency Department) penthouse to accomodate rooftop elevator access; and an access ramp and safety rails between the helipad platform and the east bank of elevators. Helicopters would take off and land at any time of day or night and would potentially operate 365 days per year. Roughly one patient per helicopter per week (or 52 helicopters annually) is anticipated during the first year of helipad use and an average of two helicopters per day, or roughly 700 per year (with an expected maximum of three per day occasion), would be received as regional facilities become aware of more rapid access to SFGH. | NOP | 09/10/2004 |
| 2004082055 | Donner Memorial State Park Visitor Center Environmental Impact Report Parks and Recreation, Department of Truckee--Nevada The project site is located in Donner Memorial State Park, which is within the city limits of Truckee, in Nevada County, California. It is at the eastern end of Donner Lake and borders Donner Pass Road (old Highway 40), which parallels Highway 80 East. The proposed site covers approximately 5 acres. The proposed Visitor Center building would have approximately 10,000 square feet of floor space. The structure would be constructed to satisfy current seismic safety codes, access compliance regulations (American with Disabilities Act), life safety and fire standards, and energy conservation regulations and guidelines. | NOP | 09/10/2004 |

| 2004081076 | Windmill Apartments Site Plan; STP 02-037 San Diego County Department of Planning and Land Use --San Diego The proposed site plan is for the construction of 61 apartment units that will be within five one and two-story buildings, and four separate single-story parking structures. | Neg | 09/10/2004 |
| 2004081077 | Former Colton Manufactured Gas Permit Toxic Substances Control, Department of, California Environmental Protection Agency Colton--San Bernardino The Gas Company has submitted a Removal Action Workplan (RAW) for remediation of contaminated soils at the Former Colton Manufactured Gas Plant (MGP) site (herein referred to as the Site). The Gas Company has submitted the RAW to the Department of Toxic Substances Control (DTSC) to comply in part with the Voluntary Cleanup Agreement (VCA), Docket No. HAS-A 00/01-230, issued by the DTSC to the The Gas Company dated March 2004, and under the authority of Chapter 6.5 of the California Health and Safety Code. The proposed remediation action will involve: excavation and removal of contaminated soils; transport of contaminated soils to an off-site treatment facility; and, backfilling of the site with clean soils. The site encompasses an area of approximately 8.5 acres, of which approximately 99,000 square feet (approximately 2.5 acres) will be excavated. The excavation depths would range from 1 to 6 feet below ground surface (bgs). The average depth of soils to be excavated is 4 feet bgs. The total amount of excavated soils is expected to be approximately 21,000 tons or 15,000 cubic yards. | Neg | 09/10/2004 |
| 2004081078 | Concurrent General Plan Amendment / Zone Change 04-0848 Bakersfield, City of Bakersfield--Kern Land use amendment to LR (Low Density Residential), prezone to R-1 (One Family Dwelling) and annexation of the site to the City of Bakersfield | Neg | 09/10/2004 |
| 2004081082 | Tentative Tract Map 04-051 (17063) Victorville, City of Victorville--San Bernardino Allow the development of 20 gross acres into 77 single family residential lots. The project will accessed from Dos Palmas Road on the south and Bellflower Street to the west. | Neg | 09/10/2004 |

| 2004082053 | Kiernan Substation Project Modesto Irrigation District Modesto--Stanislaus The proposed project includes construction and operation of an electrical substation and associated transmission line and distribution line connections, also increasing the size of some existing distribution conductor along portions of Kiernan Ave., Tully Rd. and Bangs Ave. The project is necessary to provide power and ensure reliability for anticipated development and current MID customers. | Neg | 09/10/2004 |
| 2004082054 | Initial Study/Mitigated Negative Declaration for the Durango RV Resort Project; Use Permit No. 353 Red Bluff, City of Red Bluff--Tehama The Durango RV Report consists of 170 spaces for Recreational Vehicles on a 20.38 acre parcel. The resort includes a residence/office for the on-site park manager, two Community Buildings of approximately 3,600 square feet, and two spas associated with the Community Buildings. Near the southernmost Community Building are a swimming pool and a wading pool are planned. A dog wash area and a propane refueling and dump station are planned near the office area. A recreational area is planned and includes tennis and paddleball courts, 1/2 court basketball area, public bathrooms, a bocce ball court, and an area to play horseshoes. Other project amenities include landscaping, a dog run, and visitor parking. Per the City of Red Bluff's City Code, Chapter 26, recreational vehicles using the project site may be on the site for fewer than 180 consecutive days, and shall be fully licensed and ready for highway use. Accordingly, the project residents are considered transient in nature. | Neg | 09/10/2004 |

| | project to allow the development of a youth sports field complex. The proposed project would include up to 12 baseball/softball/soccer fields on approximately 35.4 acres of an approximately 77-acre property owned by the San Jose Unified School District. The proposal would allow up to three portable concession buildings, batting cages, a maintenance yard, a children's play lot, portable restrooms, and 569 parking spaces. The project does not propose any new extensions of urban utility systems, such as electricity, sewer or water line extensions onto the site. The project site is located on the north side of McKean Road, approximately 1,500 feet westerly of Fortini Road, in the SAVUR in an unincorporated area of Santa Clara County. | | |
| 2003122126 | Housing Opportunities Study General Plan Amendments Phase III San Jose, City of San Jose--Santa Clara The Housing Opportunities Study Phase III, Draft EIR for a series of amendments to the City of San Jose General Plan Land Use / Transportation Diagram. Amendments are proposed for 12 sites. The sites are located as follows: Site 1 is on the northwest corner of Blossom Hill Road and Blossom Avenue; Site 2 is on the north side of Berryessa Road, west of the Union Pacific Railroad Tracks; Site 3 is on the south side of Berryessa Road, east of Flickinger Avenue; Site 4 is on the southwest corner of Julian Street and North 27th Street and the south side of East St. John Street from the west side of North 27th Street to the west side of North 26th Street; Site 5 and 6 located near the intersection of Curtner Avenue and Canoas Garden Avenue; and Site 7-12 are separate but adjacent properties located between West San Carlos, I-280, Los Gatos Creek, and Race Street. The land use amendments are proposed in support of the Housing Opportunity Study III (HOS III), which is an ongoing effort by the City of San Jose to identify locations within the City that can reasonably accommodate additional housing and mixed-use development. These changes are intended to reinforce City policies regarding efficient use of land along designated Transit-Oriented Development Corridors, and to reduce the incompatibility of existing and planned industrial land uses near existing and planned residential land uses, while preserving economic development opportunities in the City. These sites are located in Council Districts 3, 4, 6, and 10. | EIR | 09/27/2004 |
| 2004052085 | 2004 Master Plan for Humboldt State University California State University Trustees Arcata--Humboldt Campus master plan to accommodate an increase of 4000 more full-time students from 8,000 to 12,000 over 30-40 years. Includes approx. 750,000 gr. sq. ft. net increased building and student housing area, and 4,200 new vehicle parking spaces. | EIR | 09/27/2004 |
| 2004062119 | Magnolia Park, Residential and Mixed Use Development Oakley, City of Oakley--Contra Costa The proposed project would include the subdivision of approximately 194.6 acres into 549 single-family residential lots, a 17.1-acre commercial site, and a 10.1-acre school site. Three parks and a trail corridor are also included in the proposed project. The project also includes off-site improvements including a sewer main, water line, as well as various roadway improvements. The proposed project would require a rezone of the project site from its current General Agriculture (A-2) zoning to P-1 (Planned Unit District). In addition, the applicant is requesting a design review of the residential portion of the project. | EIR | 09/27/2004 |

| 2004081091 | Hollenbeck Police Station Replacement Los Angeles, City of --Los Angeles The City of Los Angeles proposes to expand the existing Hollenbeck Police Station site and on the properties immediately to the north. The police station would consist of a 54,000 square-foot police station, 10,000 vehicle maintenance facility, and a 350 space parking structure. | NOP | 09/13/2004 |
| 2004081092 | Northlake Specific Plan Phase 1 Implementation County Project No. 98-047, Tract No. 51852 Los Angeles County Department of Regional Planning --Los Angeles In 1992, the County of Los Angeles adopted the Specific Plan, a 1,330-acre mixed-use planned community comprised of 3,623 dwelling units, 13 acres of commercial, 50 acres of industrial, a golf course, supporting infrastructure and public services, including school, park, and fire station sites. A Development Agreement was also adopted along with the Specific Plan. The Development Agreement outlines performance timelines related to the provision for and implementation of project components. The proposed project will be the first phase of development toward implementation of the previously adopted NorthLake Specific Plan. The proposed Phase One project involves subdivision of a 669.2-acre area to create 1331 new lots, site and landscape planning approvals for the area, cut/fill of earth, remedial and project grading, and installation of roads and infrastructure within a 690.6-acre rough grade footprint. The rough grade footprint includes approximately 407 acres within the Specific Plan boundary and approximately 284 acres off-site but contiguous to the Specific Plan area. In addition, several existing utility service lines (for gas, water, electricity, and telecommunications) and an oil pipeline will be relocated and fuel modification buffer areas installed. This additional area of fuel modification involves approximately 65 acres outside of the rough grade footprint. The proposed Phase One Implementation provides for a total of 1,732 dwelling units, including 1,200 single-family units on approximately 198.2 acres and 472 multi-family units on 26.4 acres. | NOP | 09/13/2004 |
| 2004081095 | Community School No. 1 Orange County Department of Education Fountain Valley--Orange The Orange County Department of Education proposes a new community high school campus with 5 buildings totaling approximately 45,200 square feet. The project site is 6.9 acres. The school will have a maximum capacity to serve 594 students in 22 classrooms with a student ratio of 27 students per classroom on a traditional calendar year with no staggered sessions. However, the proposed student enrollment is likely to be much lower as the facility will accommodate the transfer of 376 students in existing OCDE programs in Fountain Valley. The proposed Community School No. 1 will facilitate the transfer of 376 students | NOP | 09/13/2004 |

| | currently attending the Fountain Valley Education Center and Renaissance Lyceum, both are existing OCDE education facilities located in Fountain Valley. Two driveway connections will provide access to a 6 stall parking area along the site's northerly boundary along Harbor Boulevard. A student drop off area will be provided along an international access road. Turf areas, game courts, and a garden area will be located in the southern half of the campus. | | |
| 2004081097 | Fontana Auto Mall Overlay District Fontana, City of Fontana--San Bernardino The Fontana Auto Mall Overlay District consists of approximately 154 acres consists of four (4) planning area. Planning Area 1 is intended primarily for automobile retail sales, service and related uses. Planning Area 2 is reserved primarily for gas stations, restaurants, and other auto related uses in support of the auto mall dealerships. Planning Areas 3 and 4 allow for a variety of uses that are complimentary to and compatible with new vehicle dealerships. | NOP | 09/13/2004 |
| 2004082058 | 2004-15 General Plan Amendment, Zoning Amendment and Development Agreement for Castle and Cooke, California Inc. Calaveras County --Calaveras A General Plan Amendment from Agricultural Preserve to Copperopolis Community Center for 27.3 +/- acres. A Zoning Amendment from C-2 (General Commercial) and A1 (General Agriculture) to DA (Development Agreement District) to create a Mixed Use (Commercial and Residential) zoning code and approval of a Development Agreement implementing the requested zoning. | NOP | 09/13/2004 |
| 2004082064 | Subsequent Environmental Impact Report for the Ironhouse Sanitary District Facilities Expansion Project Iron House Sanitary District Oakley--Contra Costa No substantial actions to expands the level of treatment or to expand treatment capacity have been taken by ISD since that time. ISD is now propping to implement that plan in order to provide adequate wastewater service for the growing population within its service area. However, details related to the exact nature of that expansion and the potential impacts of implementation have been changed. An updated engineering feasibility study entitled, "Ironhouse Sanitary District Wastewater Facilities Plan Update June 2004" (RMC 2004) has been prepared by ISD and their consultants to reflect the latest advances in treatment technology. Additionally, the updated expansion plan presents potential impacts of the Ironhouse Sanitary District Wastewater Facilities Plan Update June 2004 to environmental resources that were not addressed in the 1994 EIR. For these reasons, ISD is preparing a Subsequent Environmental Impact Report to the 1994 EIR. | NOP | 09/13/2004 |
| 2004082065 | City of Petaluma General Plan 2025 Petaluma, City of Petaluma--Sonoma The City of Petaluma has initiated a comprehensive update of its General Plan, which is an opportunity for community members to explore long-term goals and development for the City. The State of California requires every city and county to have a comprehensive General Plan that serves as a constitution for long-term physical development. The Plan identifies current and future needs in areas such as land use, housing, transportation, public services, environmental quality, and | NOP | 09/13/2004 |

| | economic viability. | | |
| 2004082066 | Stockton General Plan and Infrastructure Master Plans Project Stockton, City of Stockton--San Joaquin The proposed project represents an update to the City's existing General Plan (1990) and the land use designations identified under the Preferred Land Use Alternative. The City is considering expansions to both its existing Urban Services Boundary (USB) and Sphere of Influence (SOI) boundary in order to accommodate future population growth anticipated under the Preferred Land Use Alternative. In addition, water, wastewater and storm drainage utility master plans are being prepared to identify the necessary infrastructure requirements needed to support growth and development proposed under the Preferred Land Use Alternative. The Draft General Plan Land Use Diagram (Preferred Land Use Alternative) boundaries generally extend to Armstrong Road and Live Oak Road on the north, Jack Tone Road on the east, Manila Road and Roth Road on the south and the San Joaquin River, Burns Cutoff, Stockton Deep Water Channel, Fourteen Mile Slough, and Bishop Cut on the east. | NOP | 09/13/2004 |
| 2002052063 | Tosca Terrace Subdivision Santa Cruz, City of Santa Cruz--Santa Cruz The project consists of a Minor Subdivision to create four lots ranging in size from 8,952 to 30,390 sf where one lot currently exists on a known archaeological site. An existing single-family residence will remain on the largest parcel, and three additional single-family homes will be constructed on the new lots. Access would be provided via widening an existing driveway to the site to create a cul-de-sac. | Neg | 09/13/2004 |
| 2004081085 | Reynolds Grading Permit, L14035, Log No. 02-14-047 San Diego County Department of Planning and Land Use --San Diego The proposed project is located in the community planning group area of Valle de Oro. The project is the grading of 0.5 acres for the construction of 2 pads for single family dwelling units. The density of the property is 4.35 dwelling units per acre. The project site totals 3.62 acres and proposes the grading of 0.5 acres with a balanced cut and fill operation of 1200 cubic yards with a maximum fill slope ratio of 2:1 and a cut slope ratio of 1:5:1. Water draining onto the site from the north end of Conrad Drive created a wetland that flows in an east-west direction. The wetland had been both altered and filled. The County of San Diego Code Enforcement Division cited the property owner for grading violations. This grading permit is required to remedy the citation. | Neg | 09/13/2004 |
| 2004081086 | Redlands Community Day School San Bernardino County, Superintendent of Schools Redlands--San Bernardino The proposed project entails acquisition of 8.1 acres to construct and operate a 350-student Community Day School. | Neg | 09/13/2004 |

| 2004081096 | Miramar Energy Facility (An Intermediate Load Electrical Power Plant) San Diego Air Pollution Control District San Diego--San Diego The APCD has received an application for an Authority to Construct and a Permit to Operate an intermediate load electrical power plant - the "Miramar Energy Facility" (MEF) - comprised of a simple-cycle natural gas-fired combustion turbine with a nominal capacity of 46 megawatts; a 0.6 megawatt natural gas-fired four-stroke lean-burn emergency backup internal combustion engine; and other ancillary equipment. Construction and operation of the proposed MEF will be subject to permit conditions limiting or requiring specific actions (including application of Best Available Control Technology) to ensure compliance with APCD air pollution control requirements, thereby minimizing the impact of any emissions increase and ensuring no significant adverse effect upon ambient air quality. The MEF will be subject to periodic inspections by the APCD to confirm compliance. | Neg | 09/13/2004 |
| 2004082056 | Green Springs Ranch Reorganization El Dorado County --El Dorado The project under consideration consists of the annexation of approximately 601.9 acres of developed and vacant land into the El Dorado Hills Community Services District (EDHCS) and the El Dorado Irrigation District (EID) for the purpose of receiving waste management collection, curbside recycling, recreation, park and water services. The provision of Cable TV, and street lighting and landscaping services is also enabled by LAFCO's action, but is not proposed. | Neg | 09/13/2004 |
| 2004082059 | Livermore-Montesol Ranch, File #04078-MOD Napa County Calistoga--Napa The project consists of a request to modify a previously approved use permit to increase the amount of spring water that can be extracted and exported from the site. The current amount of spring water that may be extracted from three existing commercial boreholes and exported from the site is 115 acre-feet per year. The request would increase the amount to 185 acre-feet per year from the three boreholes. As currently occurs, the water would be transported by tanker truck from an existing on-site truck loading station to a nearby facility in Calistoga for processing bottling and distribution. No new boreholes or expansion of the existing boreholes, water storage tanks, water distribution pipelines, or truck loading facilities are proposed. | Neg | 09/13/2004 |
| 2004082060 | 2004-72 Zoning Amendment and Tentative Parcel Map for Janice E. | 2004061056 | Broad Street Mixed-Use San Luis Obispo, City of San Luis Obispo--San Luis Obispo The proposed project, Broad Street Mixed-Use, includes requests for the following entitlements: Vesting Tentative Tract Map for Condominium Purposes (Tract 2534); Planning Commission Use Permit (Mixed-Use Project); Architectural Review; Environmental Review. Development would include two 5,000 sf commercial pad buildings along the Broad Street frontage; seven office/retail buildings each with 3,040 sf of floor; and, a residential neighborhood consisting of 8 triplex buildings (24 dwellings), 14 duplex buildings (28 attached, zero lot-line), and 9 detached single-family homes. The total number of dwelling units proposed is 61. Future development of 21 dwelling units above the seven office/retail buildings is planned for a total of 82 units. The development plan includes a perimeter road across the creek to connect the residential neighborhood, which is bisected by pedestrian pathway. The pedestrian pathway continues across the creek to connect the residential area with the Broad Street commercial area. The existing bridge would be improved to serve the function. There is no emergency or vehicular access required or proposed across the creek. A small park site will also serve as a detention basin during major storm events. In general, homes are oriented towards one another across a linear green space, and each of the green spaces connects to the main pedestrian path leading to the park and commercial development on Broad Street. A 12-foot tall masonry wall is proposed along the southern property line, where the project site borders a UPS shipping facility. An off-site sound wall, to be constructed by the applicant, is also proposed to fortify the existing mechanical equipment enclosure on the adjacent property to the north, which is an unmanned facility used for communications signal regeneration. On-site parking is proposed for 279 vehicles. | NOD | |
